New routes, savings on business travel and a redefined Club World experience make 2018 an even more exciting year for British Airways customers.

Introducing the only non-stop link between Durban and Europe

A Durban holiday is the perfect blend of relaxation and adventure. Located on the east coast of South Africa, you'll find sandy beaches, vast nature reserves, bustling markets, a vibrant downtown area and a generous dash of culture.

This year-round destination boasts warm summers and mild, dry winters. Discover a multicultural food scene, spot dolphins close to the shoreline, explore the beautiful Drakensburg mountains or just unwind on the Golden Mile beach.

From 29 October 2018 we can take you there from Switzerland via London Heathrow. The new service, which is operated by our Boeing 787-8 Dreamliner, supplements our existing route via Johannesburg with Comair.

From London to paradise

We've recently launched our new route between London Heathrow and the Seychelles. Year-round sunshine, clear blue skies and tranquil stretches of sand await you there, with excellent windsurfing, sailing, snorkelling and diving. Choose from two departures a week and fly there direct on board our state-of-the-art Boeing 787-9 aircraft.
